

YOUR **CLOUD SOLUTION** PARTNER

As cloud providers, BBD is primed to enable your business on the cloud. Our certified professionals use their expertise to empower your business with reliable and secure solutions that deliver.

As a Microsoft Azure Gold Certified Partner, AWS Standard Consulting Partner and a CloudFront Global Content Delivery Network Partner, BBD is dedicated to finding the most suitable solution for each client environment.

Rehost

We can immediately start leveraging the agility and scale of the cloud by migrating your existing applications.

Replatform

Without changing the core architecture of your application while migrating it onto the cloud, we can make cloud-centric optimisations that capitalise on operational cost savings.

Rearchitect

By redesigning your legacy applications as cloud native, they inherit cloud characteristics that make them highly-available, highly scalable and cost-effective in record time.

Contact us

Our belief in building software that works is embedded in our company ethos. This has defined our culture for delivery over the course of the 30 plus years we've been in the industry. If you're interested in partnering with BBD contact Dieter Rosch.
